The Vicarious Humanity of Christ and the Reality of Salvation

Robert Lewis examines Paul's use of the phrase “Spirit of Adoption” in Romans 8:12-17 against the background of its Roman Imperial context in order to shed light on interpretation of Paul's Letter to the Romans. Whereas other scholars have explored what Paul may have meant when he uses the term “adoption” Lewis instead explores the reasons behind Paul's coupling of it with the term “spirit”. Having examined theories for a possible Jewish antecedent for Paul's use of this phrase, and found them less than persuasive, Lewis unlocks the data within the term's Roman Imperial context that significantly clarifies what Paul means when he uses the phrase “Spirit of adoption”. Lewis shows that when Paul wrote his letter to the Romans, adoption had become a feature of Imperial succession. Roman religion gave great deal of prominence to the Roman family spirit - the genius. The Emperor's genius became identified as a deity in Roman religion and its veneration was widespread in Rome as well as the provinces. When Romans 8.12-17 is read against this background, a very different kind of exegetical picture emerges.

submitted her free will to Jesus as her Lord and Savior, He not only set her free from the past, but was training her up to share the light of hope with others who were downcast. When looking back upon her life, she saw how all the pieces fit together like a wonderful puzzle. God was surely preparing everything for the time He would answer His call with a profound, "Use Me." With this, there is also opportunity to share her faith with the next generation, that they might follow Christ at a much younger age. The picture on the book cover illustrates passing on the light. The author’s hand is much older, holding a shorter candle; this depicts that the days left are fewer but still valuable. Her granddaughter’s hand is much younger, holding a longer newer candle which depicts the many days ahead to share her faith. Therefore, our true legacy in life will never be in the value of possessions passed on, but rather the love, peace and joy of knowing Jesus. "You are the light of the world. Let your light shine before others, that they may see your good deeds and glorify your Father in heaven." (Matthew 5:14-16 NIV)

Sin and Its Remedy in Paul

Have you ever wondered how the Bible might apply to your life today? Do the writings of the Old Testament confuse you? Do you remember lessons from Sunday School years ago and don’t understand how they could possibly make a difference in your life today? If you have ever asked yourself any of these questions then this book is for you. Many of us are seeking answers to these kinds of questions and don’t know where to look. This is a good place to start putting together the pieces. We will begin at the very beginning with the creation of the world. It is important to look at history to build an accurate foundation in what we believe. Since the entire Bible follows what happened as God began a relationship with mankind, we need to know how all of this took place and how it is relevant to us today. Let us study together to see how this beautiful picture unfolds. This book is designed to either be read by individuals or studied in a group setting. If you are a teacher and want to find material that could help answer questions like these you will also find it helpful. Linda Peters is a wife, mother, grandmother and great-grandmother. She has been an inspirational speaker and has traveled for Christian Women’s Club. She lives with her husband in Loveland, Colorado where she currently teaches weekly Bible studies. Linda was raised in Kansas where as a young girl, she was severely burned. The doctors told her parents that she would never survive. It was after this that her mother looked for answers to life. After meeting Jesus herself, she introduced Linda to the Lord at age five. Shortly thereafter, Linda told the doctors, “God healed me, not you.”

Paul’s ‘Spirit of Adoption’ in its Roman Imperial Context

This is a daily inspirational study book, based on a pattern to read your Bible through in one year. Rev. Rodney Whittle, along with his congregation, used this plan for many years to read their Bible through; it was such a blessing to him personally. He decided to follow that same format, as he wrote this book. There are two passages to read a day, a morning Old Testament passage and an evening New Testament passage. He would take an inspirational thought he received from that passage and write a study. As he wrote the monthly booklets, he didn’t necessarily do them in sequential order and he only lacked eight days of his last month (January), before he passed away. His wife, Grace, worked and completed the eight days that remained, with other materials he had written in times past. Rodney E. Whittle was born in Cereal, Alberta, Canada, on October 29, 1928, and died on September 8, 2007. At his home, two missionaries from the Canadian Sunday School Mission arrived on bicycles to do missionary work. Through the ministry of these men, Rodney was wonderfully converted and called to preach the gospel. He spent the years 1944–1950 at Prairie Bible Institute, where the missionary boys were attending. He met his wife, Grace; at Prairie and they married on August 28, 1950 and celebrated 57 happy years together. He had four daughters, ten grandchildren, and six great grandchildren at the time of his passing. He pastored and helped many churches; Houston Texas, Dallas Texas, St. Louis Missouri, Minneapolis Minnesota, Nassau Bahamas, and Kingston Jamaica. He was pastoring in White Bear Lake, Minnesota, at the time of his death.

The New Testament in Its World
World-renowned scholar Michael Gorman examines the important Pauline theme of participation in Christ and explores its contemporary significance for Christian life and ministry. One of the themes Gorman explores is what he calls "resurrectional cruciformity"—that participating in Christ is simultaneously dying and rising with him and that cross-shaped living, infused with the life of the resurrected Lord, is life giving. Throughout the book, Gorman demonstrates the centrality of participating in Christ for Paul's theology and spirituality.

Unity and Diversity in Christ

Dr. Lloyd-Jones saw Romans 5 as a central chapter in the entire letter. Here is Paul's exposition of the blessings of justification by faith, but here too, the cosmic roots of our salvation are traced back to Christ.

A Bibliographical Description of the Editions of the New Testament

This is a book that clearly and comprehensively covers the topics of both water baptism and Spirit baptism from a purely biblical perspective—rather than from a particular ecclesiastical, historical, or theological perspective. Rather than using isolated Scripture verses in an effort to shore up a position, this book quotes and explains all passages that have a bearing on these two topics, allowing a position to form that is based solely on God’s Word. Passages are considered within their broader literary context, and alternative interpretations are explored. This book is unique in offering the following: 1. It gives a clear and comprehensive presentation of both water baptism and the baptism in the Spirit. Other books deal with only one or the other topic, but rarely both — and in so doing, often confuse and confound these two kinds of baptisms. 2. It offers an explanation of every Scripture passage that refers to either water baptism or Spirit baptism. Other books use selected verses to support their position; this book however places the emphasis on the Scripture passages themselves. 3. It includes both the literary context of surrounding verses and the cultural / historical context in which the texts were written, so as to better understand the intended meaning of each passage as a whole — and to avoid forcing a bias into the text. 4. It also considers alternative viewpoints and interpretations of passages, so as to add to the comprehensive nature of this book. Appendix chapters and extensive endnotes are also included for readers who want to further explore a related matter or text. 5. It is organized and written on a level to be understood by lay people, yet includes scholarship that will stand up to critical analysis. Water baptism and the baptism in the Spirit are for all Christians. Whether you are a lay person, minister, or teacher, this book is for you! (For a clear and comprehensive understanding of another church ordinance, please see the author’s book entitled, Confession and Communion: As Taught in the Scriptures, available through Xlibris in print or as an e-book.)

Money, Possessions, and Eternity

Many years ago Bob Dylan wrote “The answer, my friend, is blowin’ in the wind,” but we’ve learned that really important answers don’t come that easily. Asking questions is a sign of a healthy, growing faith, a faith that drives us deeper into God’s Word. That’s the reason God’s first question in the Old Testament is “Where are you?” while the first question the wise men ask in the New Testament is “Where is He?” It’s been observed that God answers just enough questions to get us through the day, while leaving us with enough unanswered questions so we can look forward to learning more tomorrow. This book is designed to deal with some of our most difficult questions or troubling issues... from a biblical perspective. At times it may appear that some questions have no answer, or maybe have more than one, or perhaps have answers that contradict each other. That’s one reason we’re not only to confront knotty questions, but willingly accept God’s unraveling answers.

It’s Not Rocket Science: The Theology of St. Paul the Apostle offers an understandable and usable introduction to the theology of Paul of Tarsus. By digesting and condensing the impressions and interpretations of more than one hundred other writers, Irving L. Brittle Jr. presents an approachable work that guides the reader through the main topics of St. Paul’s theology of Jesus Christ and the wisdom of living Christians who follow the Lord. After setting the scene by summarizing Paul’s life and context, It’s Not Rocket Science investigates his treatment of God, humanity, the law, sin, the gospel, righteousness, and justification. Recognizing the key role that Martin Luther’s reading of Paul has played in the life of the church over the past five hundred years, the work addresses the reformers’ interpretation of Paul. Then It’s Not Rocket Science approaches questions of sanctification, salvation, and the sacraments. This interpretation of the theology of St. Paul provides a concise introduction and interpretation of the apostle’s theology of Jesus Christ and the nature of the Christian life.

There’s a War Going On Out There

In this book, the problem of the reality of salvation is addressed by T.F. Torrance’s doctrine of “the vicarious humanity of Christ.” Through this approach, salvation as humanization is affirmed, yet without the problems of anthropocentric theologies. This book is unique in that it offers both a survey of contemporary Christian thinking on salvation as well as a constructive alternative based on Torrance’s doctrine, a significant yet neglected contribution to modern theology.

The book explores Oakeshott’s thought on the key role human imagination plays in relation to the political. It addresses four main themes: imagination, foundational narratives, the question of
political societies’ identities as well as that of human living-together, to use Hannah Arendt’s expression. The book’s main objective is to show that Oakeshott may be rightfully understood to be a philosopher of the imagination as well as a foundationalist thinker in the Arendtian narrative constructivist tradition.

**Whose I Am and Who I Serve**

This book is a history of human speech from prehistory to the present. It charts the rise of some languages and the fall of others, explaining why some survive and others die. It shows how languages change their sounds and meanings, and how the history of languages is closely linked to the history of peoples. Writing in a lively, readable style, distinguished Swedish scholar Tore Janson makes no assumptions about previous knowledge. He takes the reader on a voyage of exploration through the changing patterns of the world’s languages, from ancient China to ancient Egypt, imperial Rome to imperial Britain, Sappho’s Lesbos to contemporary Africa. He discovers the links between the histories of societies and their languages, he shows how language evolved from primitive calls, he considers the question of whether one language can be more advanced than another. The author describes the history of writing and looks at the impact of changing technology. He ends by assessing the prospects for English world domination and predicting the languages of the distant future. Five historical maps illustrate this fascinating history of our defining characteristic and most valuable asset.

**The Homiletic quarterly [afterw.] magazine**

The legacy of Pauline scholarship, from ancient to modern, is characterised by a surfeit of unsettled, conflicting conclusions that often fail to interpret Paul in relation to his Jewish roots. William S. Campbell takes a stand against this paradigm, emphasising continuity between Judaism and the Christ-movement in Paul’s letters. Campbell focusses on important themes, such as diversity, identity and reconciliation, as the basic components of transformation in Christ. The stance from which Paultheologises is one that recognises and underpins social and cultural diversity and includes the correlating demand that because difference is integral to the Christmovement, the enmity associated with difference cannot be tolerated. Thus, reconciliation emerges as a fundamental value in the Christ-movement. Reconciliation, in this sense, respects and does not negate the particularities of the identity of Jews and those from the nations. In this paradigm, transformation implies the re-evaluation of all things in Christ, whether of Jewish or gentile origin.

**Me, Myself, and Lies**

This is by no means, nor could it ever be, an exhaustive or authoritative book on the subject of “Heaven & Hell” or “A Right Relationship with our Heavenly Father.” I have used credible and authoritative sources, relied heavily on various Holy Scriptures and applied sanctified common sense to back up what I have written, much of which is contrary to popular teachings and mainstream Church doctrine. I will challenge your beliefs. I will also encourage you to properly handle God’s word, not the letter but the spirit of what He is saying through the Scriptures, which lies beneath the written surface. I want you to know that what I have written and shared was done with the purest of intentions and to encourage you to continue to grow in your faith. And God willing, I hope to do exactly that. I also want you to know that a human being (i.e. me) who has been so close to the brink of death has no time, energy or patience to lie, no hidden motives, no desire to cause unnecessary divisions or no ambition to write fictional stories to appease the flesh. I was motivated to write this book for two reasons: 1) LOVE; and 2) To encourage you to enjoy “A Right Relationship with Our Heavenly Father,” which just happens to be the sub-title of this book.
Heaven & Hell

This collection of essays considers what light is shed on Pauline soteriology by giving focused attention to the apostle’s language and conception of sin. Sometimes Paul appears to present sin and disobedience as transgression, while at other times sin is personified and treated as an enslaving power. Is there a model or perspective that can account for Paul’s conceptual range in his discussion of sin? What does careful study of Paul’s letters reveal about the christological and pneumatological remedies to the problem of sin as he conceives of them? These questions are explored with attention to individual Pauline letters towards a richer understanding of his attitude towards sin and its remedy.

Revisit a fan-favorite Justice Brothers romance from New York Times best-selling author Sharon Sala. There’s a stranger in Roman’s cabin... She has a soft cloud of dark hair, green eyes a man could get lost in, and... a million dollars in a duffle bag. But what she doesn’t have is any memory of her past. Private eye Roman Justice is stunned by the disheveled yet sexy woman. She has no idea who she is, yet she quickly claims that Roman is the only man she’s ever loved. But without any memories, how can she see so clearly into her heart—not to mention his? Originally published in 1998.

Water Baptism and Spirit Baptism

This collection of essays argues that Paul’s articulation of Christ and his saving work makes use of the categories and perspectives of ancient Jewish apocalyptic eschatology. Such eschatology is concerned with the expectation that God will finally and irrevocably put an end to the present order of reality (“this age!”) and replace it with a new, transformed order of reality (“the age to come”). In Paul’s view, God has initiated this eschatological act of cosmic rectification in the person and work of Christ. The essays included, two of them previously unpublished, investigate and illuminate various aspects of Paul’s christologically focused appropriation of ancient Jewish apocalyptic eschatology, particularly in his letters to the Galatians and the Romans. The collection begins with the author’s seminal essay on the two tracks of Jewish apocalyptic eschatology (forensic and cosmological) from 1989 and ends with an essay from 2016 containing the author’s retrospective restatement and elaboration of his views.

Will the Real Heretics Please Stand Up

There are many traditional concepts of the devil in organized religion as well as in popular myth and culture. Nearly every worldview has an explanation for the evil we see in our daily life experiences. While we may not like to think much about the darker side of life, we instinctively seek a reason or cause for the negative parts of our experience in this world. In most of the explanations of evil there is some personification of hurt and suffering called Satan, the devil, the evil one or some other name. The Bible tells us a great deal about the enemy of God and humanity including the fact that he is bent on hurting God by harming us. Given the fact that Satan is dedicated to harming us, we would do well to have as clear and accurate an understanding of him as we can. Our best defense against any opponent is to know how they operate, what they are capable of and what their limitations and weaknesses are. Fortunately, we can do this without succumbing to an unhealthy level of obsession about the foe of all humanity. In this book you will find a nontraditional explanation of where and how Satan operates within humanity. This view deserves a hearing, as the prevailing ideas about the devil’s working don’t seem to be terribly effective for the purpose of aiding us in overcoming our adversary. Some may find the idea of a personal devil (Satan in the flesh) a disturbing or insulting concept. If you will give it a careful hearing, however, this unorthodox idea may just be a key understanding in your successful resistance to the evil one’s desire to harm you.

A Sunset Rising

In 1517, Martin Luther took a stand for justification by faith alone in the finished work of Christ upon Calvary. As a result of his position, he suffered persecution for adhering to the Scriptures alone and not to traditions. This book traces my spiritual journey from legalism to freedom in Christ. In sixteen chapters, I map out my heritage within the Churches of Christ and the motivations that eventually led me out of bondage to liberty. One of the lengthiest chapters in this book is "Where the Scriptures Speak." One objective of this chapter is to help individuals to understand that one may speak where the Bible speaks and not necessarily speak as the Bible speaks. Chapters 11, 12, and 13 represent the very heart of my escape from authoritarianism to my dependence upon God's righteousness, a righteousness from God through faith in Jesus. Chapter 14 focuses on preaching in the early church. Without an understanding of the Gospel that the apostles proclaimed, Christians will never learn the spirit of toleration for differences within the Christian community. Chapters 8, 15, and 16 give attention to the Last Supper. The communion should be a constant reminder of the Cross and true unity among God's children. Chapter 1, 2, and 3 outline my original journey of faith. Dallas Burdette has been a serious student, teacher and preacher of the Bible for fifty-eight years, supporting himself for many years as an agent for AFLAC. He has written numerous articles for religious journals, as well as many essays and sermons which are available on his website. He has developed a keen interest in promoting unity among God's people through a more accurate reading of the Word. He has degrees from Amridge University (formerly Southern Christian University) where he also was Director of Extended Learning for five years. He holds the Doctor of Ministry degree (1999) from Erskine Theological Seminary.

Saving? Retirement? Inheritance? How can we leave our children a true heritage? How can we use money in ways that God rewards? This practical and refreshing theology of money contains topical and Scripture indexes, a study guide, and five helpful appendices.
